

COVID-19 Policies & Procedures

We are maintaining frequent and enhanced deep cleaning measures throughout our venues.

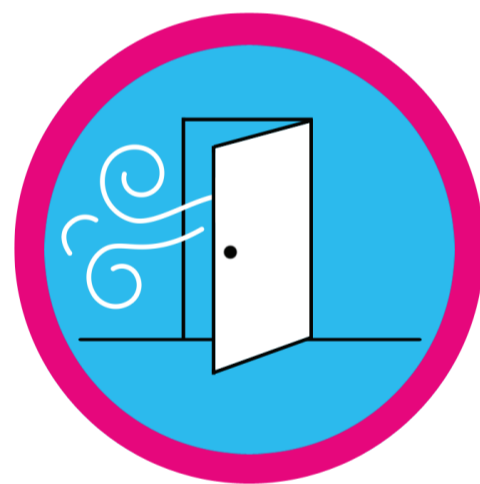

Hand sanitisation dispensers are located in the venue.

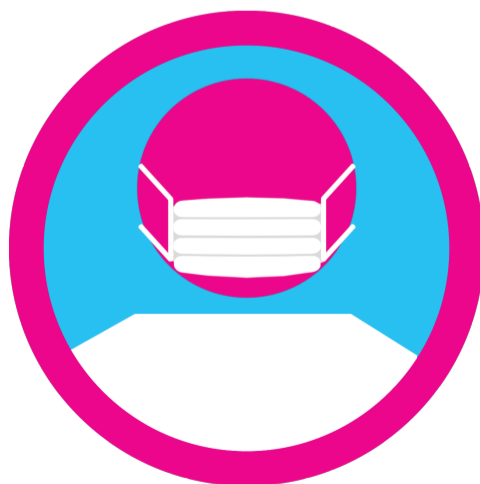

Our team are temperature tested daily and take part in regular lateral flow testing.

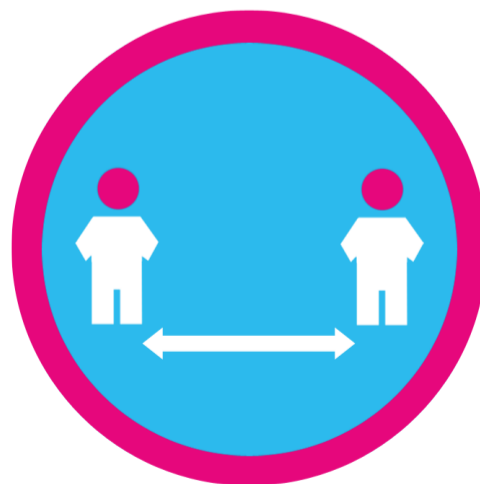

We do not accept cash and operate card payments only.

External doors will be opened to create airflow when guests are entering and leaving the venue.

Face coverings are not mandatory; however, we encourage you to wear one. All staff will be wearing face coverings when in public areas unless exempt.

Please be aware of the movements of others around you and recognise where you may need to step back to allow someone space. Please be patient especially when entering and leaving the venue.
